

FEATURED EXPERT:

Craig Nester is the Founder of The Home Rescue Team. Home Rescue Team was founded on the core principle of helping families navigate the worst housing market in our country's history.

As industry leaders and consumer advocates in the foreclosure consulting field, Minnesota's Home Rescue Team has the privilege of serving the American families like yours at no charge. That means you can rest assured that you are getting un-biased, honest and accurate advice – all the time.

We can help you understand and find the right answers to questions such as:

- How do I modify my loan?
- Should I short sale my home or let the bank take it?
- What are ALL the advantages and disadvantages of both?
- Is there a way to see if I have been taken advantage of?
- What does it do to my credit and can I recover?
- Who can help me? What does it really cost?
- What is my probability of success?

We recognize that each client represents a family and that each family's situation is entirely unique. Our mission is to provide our clients with clear and concise solutions that include the financial pros and cons of each option.

There are many alternatives to foreclosure; Minnesota's Home Rescue Team is rebuilding America one homeowner at a time.
